

WORKING PLAN

OF LABORATORY LESSONS OF THE PHARMACOLOGY ON AUTUMN – WINTER SEMESTER 2016-2017 STUDING YEAR FOR THE STUDENTS 3-TH COURSE OF MEDICAL FACULTY

№	Theme	Date	Hours
1.	Low of Ukraine “About drugs”. Introduction to pharmacology and medicinal prescription. Solid medicinal forms	01-07.09 2017	2,5
2.	Soft medicinal forms	08-14.09 2017	2,5
3.	Liquid medicinal forms. Solutions for internal use: drops for internal use, tinctures, extracts, infusions, decoctions. Mixtures, mucus. Aromatic waters, emulsions, species.	15-21.09 2017	2,5
4.	Control lesson “General medicinal prescription”	22-28.09 2017	2,5
5.	Agents affecting the afferent nervous system. Local anaesthetics. Astringents, covering, absorbing and irritating agents	29-05.10 2017	2,5
6.	Agents affecting the efferent nervous system. M-, N-cholinomimetics. Anticholinesterase agents. M-cholinomimetics and M-cholinoblockers. N-cholinomimetics. N-cholinoblockers (ganglionic blockers, neuromuscular blocking drugs).	06-12.10 2017p	2,5
7.	Agents affecting the adrenoreceptors. Adrenomimetic drugs. Sympathomimetics. Antiadrenergic drugs. Adrenoblockers and sympatholytics. Dopamine- and histaminergic drugs.	13-19.10 2017	2,5
8.	General anaesthetics. Pharmacology and toxicology of ethyl alcohol.	20-26.10 2017	2,5
9.	Psychotropic drugs. Neuroleptics, tranquillizers and Lithium sedative agents.	27.10-02.11 2016	2,5
10.	Hypnotic, antiepileptic and antiparkinsonism drugs.	03-09.11 2017	2,5
11.	Psychostimulants. Antidepressants. Nootropic agents. Analeptics	10-16.11 2017	2,5
12.	Pharmacology of opioid (narcotic) and non-opioid (non-narcotic) analgesics. Non-steroidal anti-inflammatory drugs	17-23.11 2017	2,5
13.	Pharmacology of anti-inflammatory and anti-allergic agents.	24-30.11 2017	2,5
14.	Pharmacology of hormonal drugs. Antagonists, and other related agents.	01-07.12 2017	2,5
15.	Vitamins drugs.	08-14.12 2017	2,5
16.	Module’s control lesson 1.	15-21.12 2017	2,5

Head of the department of pharmacology,

professor

Zaychenko G.V.
