

## WORKING PLAN

### OF PRACTIC LESSONS OF THE PHARMACOLOGY ON AUTEMN – WINTER SEMESTER 2017-2018 STUDING YEAR FOR THE STUDENTS 3-TH COURSE OF STOMATOLOGYCAL FACULTY

№	Theme	Date	Hours
1.	Antihypertensive drugs.	1-7.09.2017	2,5
2.	Cardiostimulants. Cardiac glycosides and agents of nonglycoside structure. Antiarrhythmics.	8-14.09.2017	2,5
3.	Agents normalizing coronary blood flow. Drugs used to treatment angina pectoris. Lipid lowering drugs.	15-21.09. 2017	2,5
4.	Drugs affecting on blood system.	22-28.09. 2017	2,5
5.	Drugs affecting the kidneys and myometriym.	29.09 - 4.10.17	2,5
6.	Drugs affecting the respiratory system.	6-12.10. 2017	2,5
7.	Drugs affecting the gastrointestinal tract.	13-19.10. 2017	2,5
8.	Antimicrobial agents. Antiseptics and disinfectants.	20-26.10. 2017	2,5
9.	Chemotherapeutic drugs. Antibiotics.	27.10- 2.11.1017	2,5
10.	Antimicrobial agents. Synthetic antimicrobial agents. Fluoroquinolones.	3-9.11.2017	2,5
11.	Antifungal agents. Antituberculotic drugs. Antiviral agents. Drugs used to treat syphilis.	10-16. 11.2017	2,5
12.	Agents used for treatment of protozoal infections. Drugs used to treat malaria. Anthelmintics.	17-23.11. 2017	2,5
13.	Drugs of affect the metabolism of bones/	24-30.11. 2017	2,5
14.	Drugs which use in stomatological practice.	1-7.12.17	2,5
15.	Basic principles of acute poisoning treatment with drugs.	8-14.12.17	2,5
16.	<b>Control test. Modul 2.</b>	15-21.12. 2017	2,5

Head of the department of pharmacology,  
professor

Zaychenko G.V.

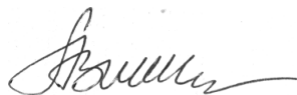

**WORKING PLAN**  
**OF THE LECTURES OF THE PHARMACOLOGY ON AUTUMN – WINTER SEMESTER**  
**2017 - 2018 STUDING YEAR FOR THE STUDENTS 3-TH COURSE**  
**OF STOMATOLOGICAL FACULTY**

№	Theme	Hours
1.	Pharmacology of drugs, which influence on cardiovascular system. Antihypertensive drugs. Drugs used in the treatment of angina pectoris.  12.09.2017	2
2.	Drugs acting on blood system. Drugs acting on hemopoiesis and leukopoiesis. Drugs acting hemostasis.  26.09.2017	2
3.	Pharmacology of antimicrobial agents. Chemotherapeutic Drugs. Antibiotics  10.10.2017	2
4.	Chemotherapeutic Drugs. Antifungal agents. Antituberculous drugs. Drugs used to treat syphilis. Antiviral agents.  24.10.2017	2
5.	Basic principles of acute poisoning treatment with drugs.  7.11.2017	2

Lectures are delivered by:

as. prof. K.Mistchenko

Head of the department of pharmacology,  
professor

Zaychenko G.V.
